

MadLab Makes Stickers!!

Pricing Sheet—Basic Sticker Vinyl Only

(Custom size, media, and quantity quotes—simply enter desired info in Comments field in the form)

Please submit your sticker/decal order by going to www.wildcatshop.net and click on MadLab in the menu bar. Select the “Sticker and Decals Order Form” in the list on the right side of the dropdown menu.

The size of your sticker is determined by the largest dimension.

Example:

This is a 2” inch sticker, based on the largest side or dimension. If you request a 2” sticker and the graphic

received is larger or smaller, MadLab will proportionately resize your graphic to match the size requested. Low resolution images may be adversely affected by resizing, so please provide the highest resolution image possible.

Pricing for other quantities is determined by the pricing break points. For example, if you want 350 2” stickers*, this is the calculation: the price break at 300 is applied using this formula:

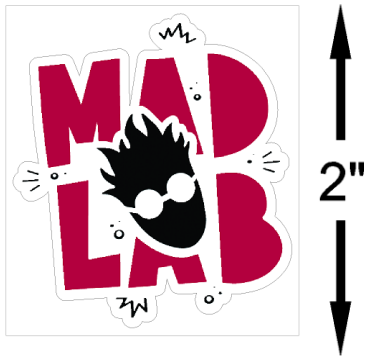

- $\$105 \div 300 = .35$
- $.35 \times 350 = 122.50$ for 350 stickers.

Pricing is the same for black and white and color stickers

*Sizes are rounded up to the next size—2.25 is rounded up to 3 inches.

**Size must include the white border around your sticker, if chosen. If this

includes a rectangle “carrier”, it will be included in the size of your sticker.
